BIOGRAPHY

Bettak is a contemporary painter, based in London. Her work is influenced by the pop-art movement. The artist is mostly known for her vivid and colourful artworks that depict dreamy places.

Growing up in an environment where music played an integral part, the artist has developed a romantic relationship with it.

BETTAK aims to convey melodies into paintings. The process of achieving this is accomplished by finding the songs for each painting, writing the lyrics before priming the canvas and finally, painting whilst the songs are playing on repeat. The emotions provoked by the melodies, are the artists guidelines when she is painting.

“ *Art is multidimensional and is about using as many of our senses as possible. I transform music into something tangible that will remain after the melody fades. It’s a unique experience. At this point, music becomes my full existence. I become part of the melody myself*

BETTAK has participated in two group exhibitions, both held in Cyprus, in July 2022.

The artist held her first solo exhibition in the Municipal Gallery of Mykonos in August 2022 where she exhibited 24 artworks.

The exhibition was sold out. Her second solo exhibition will take place on April 2023, at the foyer of the historic “Pallas Theater”, in Athens, Greece.
